1. THE EUCHARIST: SURVEYS & INTRODUCTIONS

Gregory Dix, *The Shape of the Liturgy* (London: Westminster, 1945). Dated in many respects, but one of the most influential studies of the century.

2. THE EUCHARIST IN THE NEW TESTAMENT

Joachim Jeremias, *The Eucharistic Words of Jesus* (New York: Scribners, 1966). Jeremias was one of the great exegetes of the century. This is a classic study.

### 3. THE EARLY EUCHARIST IN THE EAST: THE EARLY GREEK & SYRIAN TRADITIONS

Edward Yarnold, *Cyril of Jerusalem*, Early Christian Fathers Series (New York: Routledge, 2000). Cyril’s sermons to the newly baptized—the Mystagogical Catecheses—provide us the clearest picture we have of the Jerusalem liturgy, both baptism and eucharist. They show it in all its “awe-inspiring” splendor. Yarnold spent much of his career writing on Cyril and liturgy in the early Church. Like others in this series, this has a lengthy introduction together with fresh translations of the major works.
