1. SACRED MUSIC

J. Peter Burkholder, Donald Jay Grout, Claude V. Palisca, *A History of Western Music*, 8th ed. (New York: Norton, 2009). The classic textbook survey, and while, by no means limited to religious music, there is much here that is of relevance to understanding the history of music in the Christian church.

Paul Hillier, *Arvo Pärt*, Oxford Studies of Composers (New York: Oxford University Press, 1997). Part, an Estonian composer, is arguably the finest living composer of religious music. Hillier is one of Part's finest interpreters and is especially suited to analyze his music. Needs updating since Part has written so much new material in the last decade.
